

Centennial

Einstein's 100th birthday celebration, sponsored by the Master of Student Houses, turned into the undergraduate party of the year. Celebrated on March 14, right in the middle of second-term finals week, it lured not only students but faculty, staff, and JPL people to the Olive Walk with a feast (fried chicken, hamburgers, beer, brownies, and birthday cake), and a sideshow featuring the Great White Hunter, President Goldberger, riding an elephant. Birthday greetings were conveyed to Dr. Einstein by balloon.
