By-Lines

Alfred J. Stamm

Dr. Stamm received his B.S. degree in chemistry from Caltech in 1921, and his M.S. and Ph.D. degrees from the University of Wisconsin in 1923 and 1925. Since 1921 he has been associate chemist to principal chemist, U.S. Forest Products Laboratory, Madison, Wis. He has written over fifty publications on colloidal and physical chemistry of wood and wood constituents.

Victor Veysey

Mr. Veysey was graduated with a degree in civil engineering from the California Institute of Technology in 1926 and received his M.B.A. degree from Harvard Business School in 1938. He was instructor in economics and accounting at Caltech for a time, and then at Stanford Business School. He is now assistant professor of economics and industrial relations at Caltech and supervisor of industrial management in the E.S.M.W.T. program.

Frits W. Went

Dr. Went, professor of plant physiology at the California Institute of Technology, came to Pasadena from Java, where he was connected with the Botanic Gardens in Batavia as director of Foreigners’ Laboratory. Since receiving his Ph.D. at the University of Utrecht, Holland, Dr. Went has been interested in the physiology of growth and its practical applications.

Royal W. Sorensen

Professor Sorensen received his electrical engineering training from the University of Colorado. He was in industry for several years as consulting engineer for various companies. In 1940-41 he served as president of the American Institute of Electrical Engineers. Professor Sorensen has been with the California Institute of Technology since 1910.
