Mr. Kyropoulos received his M.S. degree in Mechanical Engineering from the California Institute of Technology in 1938. He was then employed by the Consolidated Vultee Aircraft Corporation at their plants, and also took further training at the Institute under a Vultee Research Fellowship. For the past year Mr. Kyropoulos has been an instructor in the mechanical engineering department at Caltech.

R. C. Binder

Dr. Binder received his B. S. degree from M.I.T. in 1929, his M.S. and Ph.D. degrees in mechanical engineering from the California Institute of Technology in 1933 and 1936 respectively. Since that time he has been with Purdue University, teaching mechanical engineering subjects, particularly fluid mechanics. At present Dr. Binder is an associate professor of mechanical engineering.

M. T. Davis

Mr. Davis received his B.S. and M.S. degrees in mechanical engineering from the California Institute of Technology in 1933 and 1934. He spent four years in metallurgical and mechanical engineering work, studied business at Stanford, and for three years was industrial engineer for Columbia Steel Company. Since 1942 he has been assistant superintendent at the Torrance plant of Dicalite Company.

Harry J. Keeling

Mr. Keeling received his B.S. degree in mechanical engineering in 1929 and his M.S. degree in 1939 from California Institute of Technology. Since 1939 he has been with Southern Counties Gas Company in Los Angeles as designer, assistant distribution engineer, and now as mechanical engineer. Among other duties, he is in charge of radio communications and acts as consultant on cathodic protection problems.

Contents for February, 1944

The Month in Focus

Marine Diesel Power Plants and Ship Propulsion
  By Peter Kyropoulos

Smoke Flow Patterns
  By R. C. Binder

Radio Communication in a Public Utility
  By Harry J. Keeling

Industrial Engineering and Human Relations
  By M. T. Davis
