# COMMENCEMENT 1967

At Caltech's 73rd annual commencement on June 9, a total of 363 students received degrees —141 bachelors of science, 105 masters of science, 7 engineers, and 110 doctors of philosophy. Almost one-half of the seniors, who had maintained a B-plus average throughout their four years at Caltech, were graduated with honors.

President Lee A. DuBridge delivered the commencement address, "The Educational Process."
